

Netzwerk Vorsorgendes Wirtschaften e.V.

Network Caring Economy

The Network Caring Economy is an association of women scientists and practitioners from Germany, Austria, and Switzerland. Since 1992, the group meets annually to discuss and develop roads to a socially and ecologically sustainable economy. At present, the Network counts 50 women of different backgrounds.

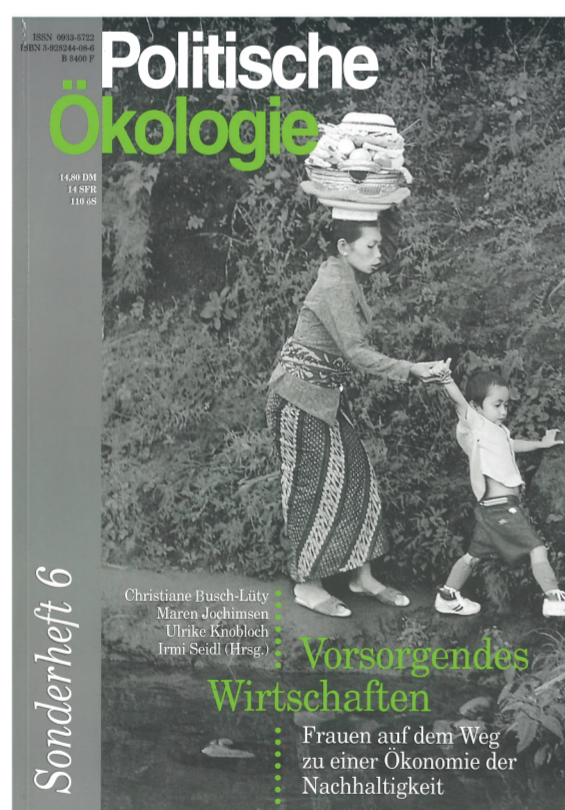

Members

- Academics (professors, researchers, PhD students) from various disciplines including economics, sociology, political sciences, natural sciences, household sciences.
- Practitioners who are active in different spheres of society, ranging from the household, social banking, and agriculture to the arts and architecture.

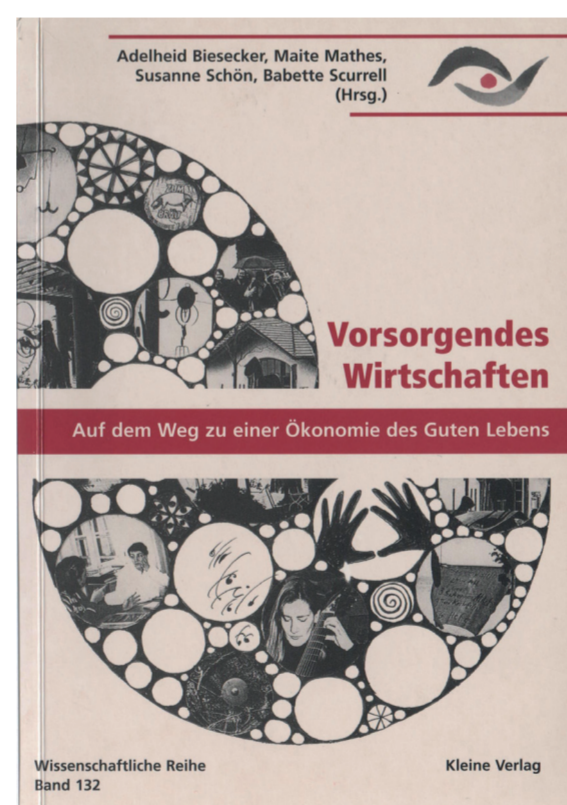

Aims and Activities

- Bringing together women in the German speaking countries who are interested in questions of socially and ecologically sustainable economies
- Developing concepts of caring economy
- Analysing case studies and best practices
- Annual meetings
- Publications, conferences and workshops
- E-mail list and website
